

By delivering targeted and dynamic content experiences, Qyoo's smart result pages give marketers more meaningful interaction with their target audience.

WHAT IS QYOO

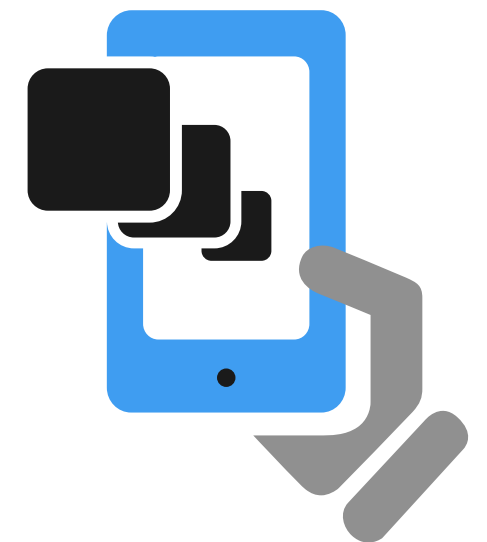

Qyoo delivers consumers relevant information from real world objects via physical markers such as Barcodes, iBeacon and Image Processing.

1 Physical World Point of Interest

Barcodes / iBeacon / Image Processing

2 Smart Result Pages

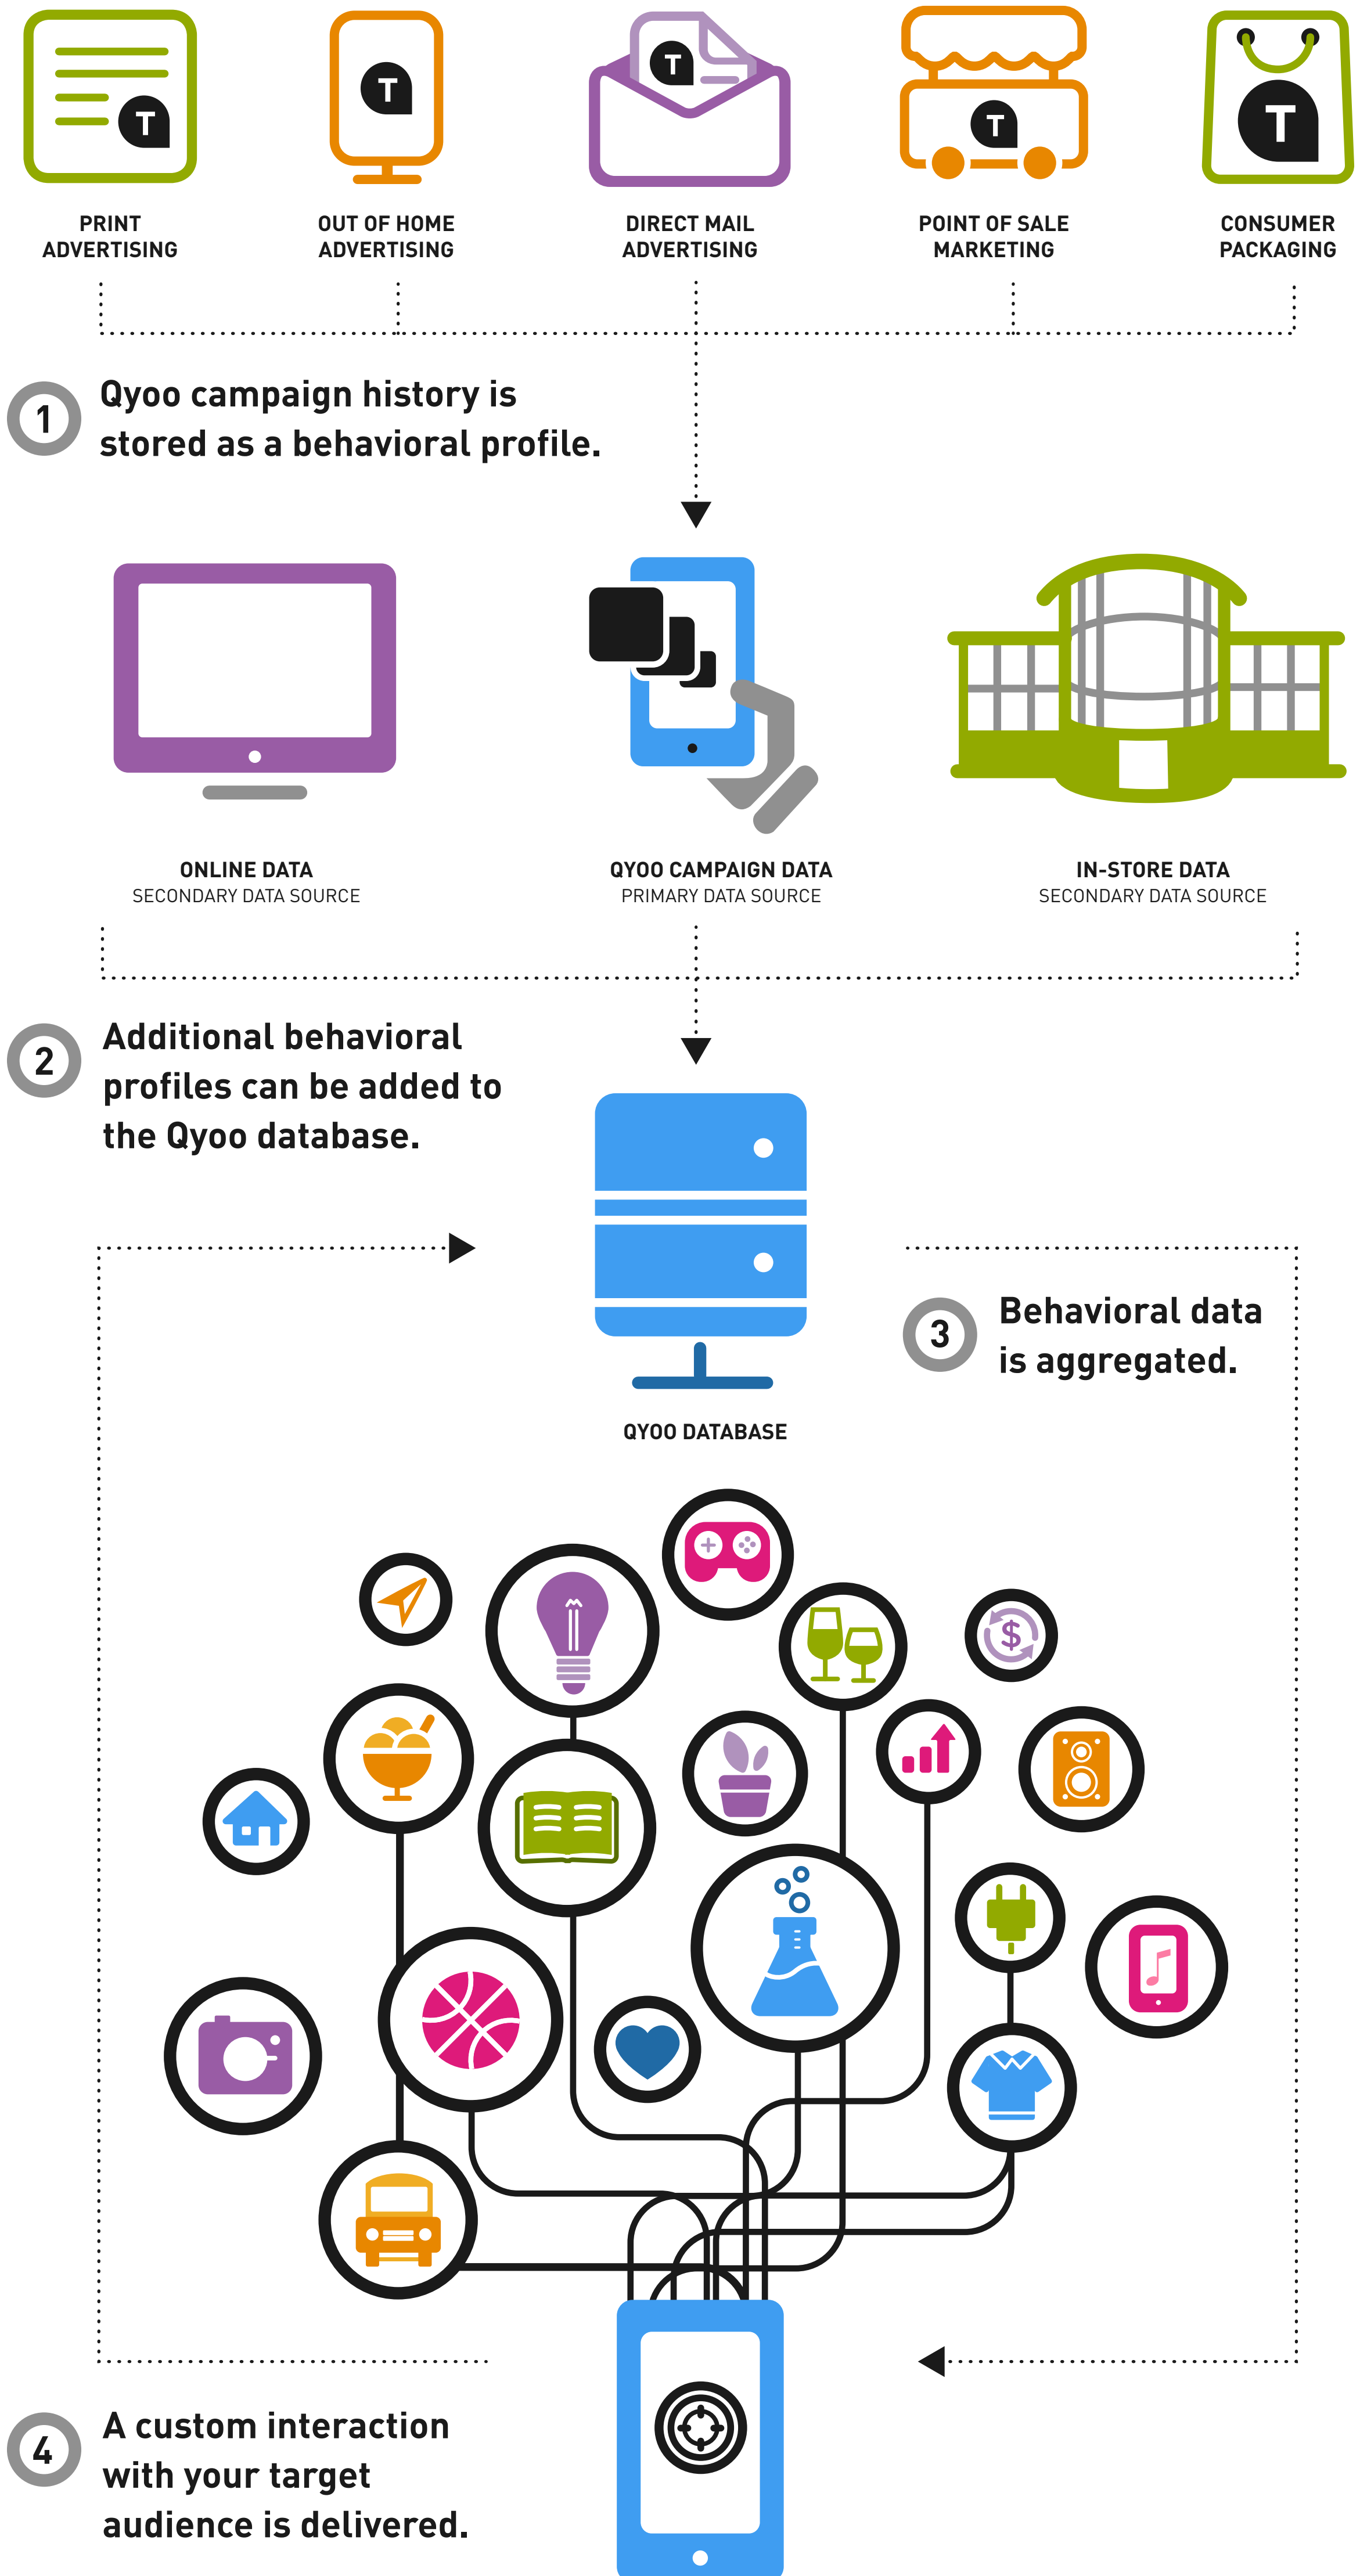

CUSTOM EXPERIENCE

Qyoo uses data from a user's smartphone as well as second party data to deliver a customized experience.

How Qyoo's Big Data Solution Works

Marketer Chooses a Trigger Device: [Barcode](#), [iBeacon](#), or [Image Processing](#)

Discover The Possibilities
